It gives me great pleasure to present the Citizen Charter for general public and our stakeholders. The preparation of this document is an endeavor by us towards fulfilling our commitment of providing an efficient and transparent adoption process in the country. We shall make all efforts to fulfill the assurances given by us under the framework provided by the Juvenile Justice (Care and Protection of Children) Act, 2015 and the Adoption Regulations, 2017. However, the success will depend greatly on the proactive response from the citizens, associated agencies and authorities.

We look forward for your co-operation for enabling us in ensuring the best interests of the children in the need of care and protection by rehabilitating them through adoption, which conforms to the national policy of ensuring that every child has a right to have a family.
